# MD ZOBAYER

## WEB DEVELOPER

### About me

Passionate and skilled Web Developer with three years of experience in front-end and back-end development. Proficient in HTML5, CSS3, JavaScript, React.js, Node.js, Express.js, MongoDB, and other related technologies. Seeking opportunities to leverage expertise in web development to contribute to innovative projects and drive business success.

### Professional Experience

- Developed and maintained responsive websites and web applications using HTML5, CSS3, and JavaScript.
- Implemented client-side interactivity and dynamic user interfaces using React.js and other front-end frameworks.
- Designed and optimized backend APIs and services using Node.js and Express.js.
- Integrated and managed databases using MongoDB, ensuring data consistency and efficiency.
- Collaborated with cross-functional teams to gather requirements, implement features, and troubleshoot issues.
- Contributed to the continuous improvement of development processes and best practices.
- Proficient in Git/GitHub, real-time communication with Socket.io, email management with NodeMailer, and optimizing media using tools like Sharp.

### Additional Skills

- Strong problem-solving skills and ability to learn new technologies quickly.
- Excellent communication and collaboration abilities.
- Attention to detail and commitment to delivering high-quality work.
- In addition to my technical skills, I excel in leadership and teamwork, honed through leading group projects and participating in technical events. I've actively engaged in extracurricular activities such as science fairs and technical seminars, earning awards and recognition for my innovative solutions and creativity.
